The Farmers Arms Coffee and Hot Drinks

All our Coffees are made using Award Winning Beans from Tony Wogan of Bristol.

We have just taken ownership of the FIRST Rancilio Classe 11 Xcelsius Traditional Espresso Machine that has been sold in the World. It is Rancilio's Flagship Model which will be used at the World's Barista Championships for the next 5 years.

It delivers unbelievable tasting coffee due to its temperature extraction capabilities and its amazing temperature stability levels. Due to being able to change temperatures of each of the individual boilers we can profile different beans from around the world. Each Coffee is made using a 20oz of award winning Beans.
